mSecure Account

Please log in to your mSecure Account. If you have not already created an mSecure 5 account, either in the mSecure 5 app or on our website, you can sign up for an account now. Even if you have been using past versions of mSecure, you still need to create an account before you can use mSecure 5.

NOTE: Signing up for an mSecure account does not require you to sync your personal information with the cloud.
